

Easipower Plus[™]

COAXIAL CCE 380

A dual component battery powered bead applicator for cartridges

Strong epoxy coated steel frame to handle high dispensing loads, wear and solvents spills.

Rubber rest pads prevent tool from sliding off worktops and inclined surfaces.

Rubber overmouldings for improved grip and comfort.

PRODUCT FEATURES:

- Adjustable Speed Dial (1 = low to 9 = high) sets the rate of material output to the level desired by the end user.
- Variable Speed Trigger improves material bead control and prevents overfilling of anchor holes.
- Maximum rack speed of 8mm/sec helps produce a higher rate of material output.
- Auto-reverse function prevents material overflow when the trigger is released after dispensing.
- Trigger lock prevents accidental discharge of material.
- Rapid battery charge within 30mins (0-100%).
- Universal charger for worldwide use.
- Overload (high current) protection, to prevent damage to mechanical and electronic parts, in extreme use.
- Under voltage battery protection, to prevent over discharge, and damage to the Li Ion battery.

The Cox Easipower Plus is part of a range of battery applicators. Designed for use with low to medium viscosity sealants and adhesives, the Cox Easipower Plus Coaxial is ideal for professional users.
